- OFFICE-OF-THE-FUTURE MARKET POTENTIAL

UNDERVIEW - OFFICE AUTOMATION - OFFICE OF THE FUTURE

A. INTRODUCTION

1. Personal Background
2. Why an Underview?

B. TERMINOLOGY

1. Definition of an Office
2. Office Automation, Paperless Office, Electronic Office
3. Office of The Future

C. CURRENT ENVIRONMENT

1. Costs, Workforce, Statistics
2. Problems
3. Potential Solution

D. OFFICE INFORMATION SYSTEMS APPROACH

1. Study, Identify Opportunities and Potential Savings
2. Identification of Components
3. Systems Requirements

E. OFFICE INFORMATION SYSTEMS DESIGN

1. Functional Requirements
 - a. Document Creation
 - b. Document Capture
 - c. Distribution and receipt
 - d. Copy, duplication, and publication
 - e. Search and retrieval
 - f. Format and output
 - g. System services
 - h. Personal services

F. HOW WE USE OFFICE INFORMATION SYSTEM COMPONENTS

1. Typical day

G. CONSIDERATIONS AND SUMMARY

1. Potential role of EDP
2. Summary

DEFINITION OF AN OFFICE

AN OFFICE IS:

PEOPLE..... PRINCIPALS, MANAGERS, PROFESSIONALS,
SECRETARIAL AND CLERICAL PERSONNEL

OPERATING WITH THE AID OF:

EQUIPMENT..... TYPEWRITERS, TELEPHONES, CALCULATORS
COPIERS, COMPUTERS, DICTATION ETC.

TO HANDLE:

INFORMATION..... TEXT, GRAPHICS, VOICE, DATA, IMAGES

IN ORDER TO COMPLETE A:

PROCESS..... CREATE, COMMUNICATE, FILE, RETRIEVE
MANIPULATE, CALCULATE, MAIL, ETC.

THAT WILL SUPPORT:

BUSINESS OBJECTIVES..... PROFIT, PRODUCTIVITY, EFFECIENCY
PERFORMANCE, SERVICE

OPPORTUNITY

- ▮ THERE IS SOME SPECULATION THAT OFFICE SYSTEMS WILL BE BIGGER THAN DATA PROCESSING IN 10 YEARS
....BUSINESS WEEK, JUNE 30, 1975

- ▮ SECRETARIAL SALARIES EXPECTED TO INCREASE 40 PERCENT BY 1980 - THE OFFICE, NOV. 1977

- ▮ CLERICAL EMPLOYMENT WILL REACH 20 MILLION BY 1985
....U.S. BUREAU OF LABOR STATISTICS

TERMINOLOGY

- █ OFFICE AUTOMATION
 - █ OFFICE OF THE FUTURE
 - █ PAPERLESS OFFICE
 - █ ELECTRONIC OFFICE
-
- █ IMPROVING AN OPERATION IN THE OFFICE BY MECHANIZING OR AUTOMATING THE PROCESS, BUT NOT REQUIRING A SYSTEMS CONSIDERATION IS BY OUR DEFINITION: OFFICE AUTOMATION
-
- █ INTEGRATING SEVERAL INFORMATION SYSTEM COMPONENTS INTO A NETWORK OF INTERCONNECTED SYSTEMS IS: OFFICE OF THE FUTURE.
-
- █ THE COMMON OBJECTIVE: IMPROVED OFFICE INFORMATION SYSTEMS

1980

U.S. BUSINESS EXPENDITURE TO SUPPORT OFFICE BASED WHITE COLLAR
WORKERS, FILE CLERKS TO BOARDS OF DIRECTORS

\$800 BILLION

MANAGERIAL AND OTHER PROFESSIONAL PORTION OF WHITE COLLAR EXPENSE

\$600 BILLION

1990

FORCAST: DIRECT COSTS OF WHITE COLLAR OPERATIONS
WITHOUT UTILIZATION OF INTEGRATED OFFICE INFORMATION
SYSTEMS COULD RISE TO

\$1.5 TRILLION

IMPLEMENTATION OF INTEGRATED INFORMATION SYSTEMS
COULD REACH SAVINGS OF

\$300 BILLION PER YEAR

SECRETARIAL POPULATION

1977	1985
3,529,000	4,786,000

INCREASE OF 50%

- IN 1978 THERE WAS A SHORTAGE OF 88,000 SECRETARIAL EMPLOYEES
- THERE ARE 439,000 NEW JOBS ANNUALLY
- REPRESENTS A SHORTAGE OF 700,000 QUALIFIED SECRETARIES BY 1985
- FEWER WOMEN GOING INTO THE SECRETARIAL ADMINISTRATIVE SUPPORT FIELD

SOURCE: BUREAU OF LABOR STATISTICS

AVERAGE ANNUAL SECRETARIAL SALARIES

1969 \$ 6,400

1978 \$10,000

1985 \$15,600

SOURCE: BUREAU OF LABOR STATISTICS

PROBLEMS IN THE OFFICE

- 101 RISING COSTS
- 102 REDUNDANT ACTIVITIES
- 103 INCREASING REQUIREMENTS
- 104 GREATER NUMBERS OF PERSONNEL
- 105 ARCHAIC TEXT CREATION
- 106 INEFFECTIVE FILING SYSTEMS
- 107 EXCESSIVE COMMUNICATIONS COSTS
- 108 INACCESSIBLE INFORMATION
- 109 INEFFICIENT DISTRIBUTION
- 110 MANUAL FOLLOW-UP/CONTROLS
- 111 INADEQUATE SECURITY
- 112 POORLY DEFINED ENVIRONMENT
- 113 OUTDATED PHONE AND MESSAGE SYSTEMS

THE OFFICE COST

LABOR 70 PERCENT

EQUIPMENT

SPACE

SUPPLIES

30 PERCENT

POTENTIAL SOLUTION

DELEGATE ROUTINE OFFICE TASKS TO TECHNOLOGY

WHY?

- █ COST OF TECHNOLOGY FALLING
- █ PREVIOUS SUCCESS IN OTHER INDUSTRIES
- █ MEASUREABLE RESULTS

COST OF TECHNOLOGY PER YEAR

COMMUNICATIONS DOWN 11 PERCENT

COMPUTER LOGIC DOWN 25 PERCENT

COMPUTER MEMORY DOWN 40 PERCENT

SOURCE: DATAMATION

AVERAGE EXPENDITURES PER WORKER

█	FARM WORKER	\$100,000
█	PRODUCTION WORKER	\$ 24,000
█	OFFICE WORKER	\$ 4,500

SOURCE: BUREAU OF LABOR STATISTICS

EXPENDITURES VS. PRODUCTIVITY

EXPENDITURES PER WORKER		PRODUCTIVITY 1967-1977
FARM WORKER	\$100,000	UP 67 PERCENT
PRODUCTION WORKER	\$ 24,000	UP 40 PERCENT
OFFICE WORKERS	\$ 4,500	UP 4 PERCENT

SOURCE SRI

OFFICE SYSTEM APPROACH

- 1 STUDY TO BETTER UNDERSTAND OFFICE INFORMATION SYSTEM REQUIREMENTS
- 2 ESTABLISH AN OFFICE INFORMATION SYSTEM STRATEGY
- 3 TEST SOLUTION FEASIBILITY THROUGH PILOTS
- 4 EVOLVE TO AN INTEGRATION OF INFORMATION SYSTEMS THAT ARE:
 - EASY TO USE
 - RELIABLE
 - FLEXIBLE
 - SECURE
 - CONTROLLED
 - ECONOMICAL

OFFICE SYSTEMS APPROACH

TYPICAL OFFICE INFORMATION SYSTEM STUDY RESULTS

- [UNEQUAL ADMINISTRATIVE WORKLOAD
- [EXCESSIVE INFORMATION "FLOAT"
- [DUPLICATE AND REDUNDANT FILES
- [ARCHAIC INPUT FOR TEXT CREATION
- [INCOMPLETE AND INACCURATE INFORMATION
- [EXCESSIVE COMMUNICATIONS COSTS
- [INCOMPLETE OR UNAVAILABLE RETRIEVAL
- [REDUNDANT AND NON-PRODUCTIVE ACTIVITIES

OFFICE SYSTEMS APPROACH

OPPORTUNITY

- █ MAKE AN IMPACT ON PROFESSIONAL EFFECTIVENESS
- █ IMPROVE QUALITY AND ACCURACY OF INFORMATION
- █ PROVIDE INFORMATION MORE RAPIDLY
- █ OFFER INFORMATION IN BETTER AND MORE USABLE FORM
- █ IMPROVE MANAGERIAL DECISION-MAKING

OFFICE SYSTEMS APPROACH

POTENTIAL SAVINGS

[SECRETARIAL/CLERICAL

- ELIMINATE TASKS
- IMPROVE DISTRIBUTION
- REDUCE FILING/RETRIEVAL
- IMPROVE DOCUMENT CREATION

[MATERIALS

- ELIMINATION OF UNNECESSARY PAPER

[SPACE

- REDUCE SPACE TO HOUSE PEOPLE AND INFORMATION

[SERVICES

- POSTAL
- COMMUNICATIONS
- OUTSIDE SERVICES

[PRINCIPAL/MANAGER/PROFESSIONAL

- IMPROVED TIMELINESS
- BETTER QUALITY
- INCREASED PRODUCTIVITY
- OFF-LOAD UNNECESSARY ADMINISTRATIVE TASKS

OFFICE SYSTEMS APPROACH

OFFICE INFORMATION SYSTEM COMPONENTS

- █ TEXT CAPTURE, AND TEXT EDITING SYSTEMS
- █ DOCUMENT FILING AND RETRIEVAL SYSTEMS
- █ DATA PROCESSING
- █ TELEPHONE AND MESSAGE
- █ DOCUMENT CONTROL
- █ ELECTRONIC DOCUMENT DISTRIBUTION
- █ COPYING AND DUPLICATION
- █ TELECONFERENCING
- █ DICTATION SYSTEMS
- █ FOLLOW-UP AND REMINDER SYSTEMS
- █ CALENDARING AND SCHEDULING
- █ INTERACTIVE PROBLEM SOLVING
- █ IN-HOUSE COMPOSITION, PRINTING AND PUBLISHING

OFFICE SYSTEMS APPROACH

OFFICE INFORMATION SYSTEM DESIGN OBJECTIVES

- [-] SPEED COMMUNICATIONS
- [-] IMPROVE ORGANIZATIONAL PRODUCTIVITY
- [-] SIMPLIFY DOCUMENT PREPARATION
- [-] PROVIDE "TIME" MANAGEMENT
- [-] ENCOURAGE CREATIVITY
- [-] MAINTAIN INDIVIDUALITY
- [-] IMPROVE ACCESS TO INFORMATION
- [-] ENHANCE DISTRIBUTION
- [-] PROVIDE SECURITY
- [-] USER ORIENTED

OFFICE SYSTEM APPROACH

PRELIMINARY SYSTEM CHARACTERISTICS

█ DISTRIBUTED SUBSYSTEM

- FAST RESPONSE
- HIGH AVAILABILITY
- VISIBLE RESULTS
- DEPARTMENTAL CONTROL

█ HOST ATTACHMENT

- ELECTRONIC DISTRIBUTION - NOT ELECTRONIC MAIL
- CENTRALIZED STORAGE AND RETRIEVAL
- DB/DC INTERFACE
- USER DEVELOPED PROGRAMS
- ADVANCE FORMATTING

OFFICE SYSTEM APPROACH

OFFICE INFORMATION SYSTEM FUNCTIONAL REQUIREMENTS

- [DOCUMENT CREATION
- [DOCUMENT CAPTURE
- [DISTRIBUTION AND RECEIPT
- [COPY, DUPLICATION AND PUBLICATION
- [SEARCH AND RETRIEVAL
- [FORMAT AND OUTPUT
- [SYSTEM SERVICES
- [PERSONAL SERVICES

OFFICE INFORMATION SYSTEMS

CONSIDERATIONS:

▮ WE KNOW HOW TO MANAGE

- MONEY
- RAW MATERIALS
- FINISHED PRODUCTS
- PRODUCTION TOOLS

▮ WE DON'T MANAGE INFORMATION EFFECTIVELY

OFFICE INFORMATION SYSTEMS

▮ INFORMATION:

- NOT SUSCEPTIBLE TO ACCOUNTING
- NO COST CONTROL
- WIDE VARIETY
- DISPROPORTIONATE PERSONNEL COSTS (88%)
- A GROWING REQUIREMENT

OFFICE INFORMATION SYSTEM

CONSIDERATIONS:

1. INFORMATION SYSTEM MUST FACILITATE:

- INFORMATION GENERATION
- INFORMATION MAINTENANCE
- OVERALL COMMUNICATION

OFFICE INFORMATION SYSTEM

CONSIDERATIONS:

■ INFORMATION SYSTEM MUST BE:

- RELEVANT
- TIMELY
- ACCURATE
- COMPLETE
- AVAILABLE
- USABLE
